

IAN'S STORY

Determination and Outstanding Academic Performance

Poway Adult School graduate student Ian has been awarded a \$500 scholarship by the Association of California School Administrators (ACSA) Region 18 for his academic success.

Association of California School Administrators, ACSA, the largest umbrella association for school leaders in the state, recognizes students, administrators, and community organizations for their achievements each year through an annual awards program. Ian was nominated by his instructors at Poway Adult School for his determination and outstanding academic performance while earning his high school diploma.

"Ian is one of the most talented students I have ever had the pleasure of teaching," said Amy Echols Starkey, high school diploma instructor at Poway Adult School. "He demonstrated his dedication to high academic standards by consistently submitting extremely high-quality work."

As of February 2021, Ian was attending Miramar College where he was taking courses in chemistry, digital film and English. His next goal is to apply to both University of California, San Diego and San Diego State University to pursue his interests in the sciences and business.

"Thank you to Poway Adult School for helping me achieve my dream," says Ian. "This scholarship will go straight towards college tuition!"
